# Sewing project to do at home

## Glove monsters

- gloves
- stuffing (I used some from an old pillow)
- sewing machine (or by hand)
- needle/thread
- buttons, felt etc. for decorating

Turn the glove inside out and sew a U-shape from the top of the thumbhole to the other side of the glove leaving a 1" hole at the top. I used my sewing machine but this can be done by hand.

Turn the glove right side out.

Tuck the cuff inside.

Stuff with batting, making sure to get batting to the end of each of the 4 fingers. It takes only a couple handfuls of stuffing.

Hand stitch the 1" hole shut.

Cut facial features out of felt and hand stitch felt, buttons, etc. in place. Be mindful of choking items if making for a small child.

**Don't forget to email us your pictures if you make a glove monster!**
